The FX International Interior Design Awards would like to thank our sponsors and supporting organisations

# Welcome

Tonight our FX Awards celebrate world-class design excellence with a terrific showbiz-style party. Thanks to your continuous support we now have a truly international status with global submissions comprising more than half of our entries. So if you win tonight you really are the best in the world.

The success of these awards is down to the judging panel, whose members I invite for their independence, authority, expertise and commitment. They care as much as I do about the results. As you know I don't judge myself but I do invite new judges each year to reflect your interests. This year I have recruited 24 judges, our largest panel ever, to argue your corner, each of whom has been invited for their integrity, opinions and experience.

In some of the most hotly contested categories we have had as many as 10 judges presiding on each category.

And with our four prestigious awards – as voted by FX readers worldwide – I am delighted that you have voted for a superlative architect as recipient of our Outstanding Lifetime Contribution to Design award. This person has become a household name for their incredible achievements across architecture and design, too numerous to mention here.

I'm pleased that our FX readers are educated and informed and have voted them number one!

Enjoy the evening!

Theresa Dowling, Editor FX

# Programme

- 18.45 **Champagne reception**
- 19.15 **Dinner**
- 21.30 **Awards presentation**
- 23.00 **Live music and dancing**
- 01.45 **Carriages**

**Jimmy Carr** is hosting the FX Awards 2017, and needs no introduction as the biggest face on tv (his words!). Appearing on so many television programmes – from Live at the Apollo, 8 out of 10 Cats, Jonathan Ross Show, Never Mind the Buzzcocks to Have I Got News For You (where he was said to flirt outrageously with Ann Widdecombe) as well as radio – he has become a household name for brilliant timing, and controlling hecklers (so be warned!).

Known for his brilliant stand-up routines, he's often considered to be the posh and educated face of stand-up comedy. He has interrupted his UK tour to be with us tonight. Sometimes we get lucky on FX!

## ABOUT THE JUDGING SYSTEM

The FX International Interior Design Awards are open to architects, designers, clients, and suppliers of interior design projects or products completed or launched between 20 July 2015 to 20 July 2017.

The judges sit on an independent panel of experts comprising engineers, clients, architects and designers to reflect our audience tonight. They have been invited on to the 2017 panel because of their experience, opinions, and commitment to design. Judges, and their companies, were not permitted to enter any categories.

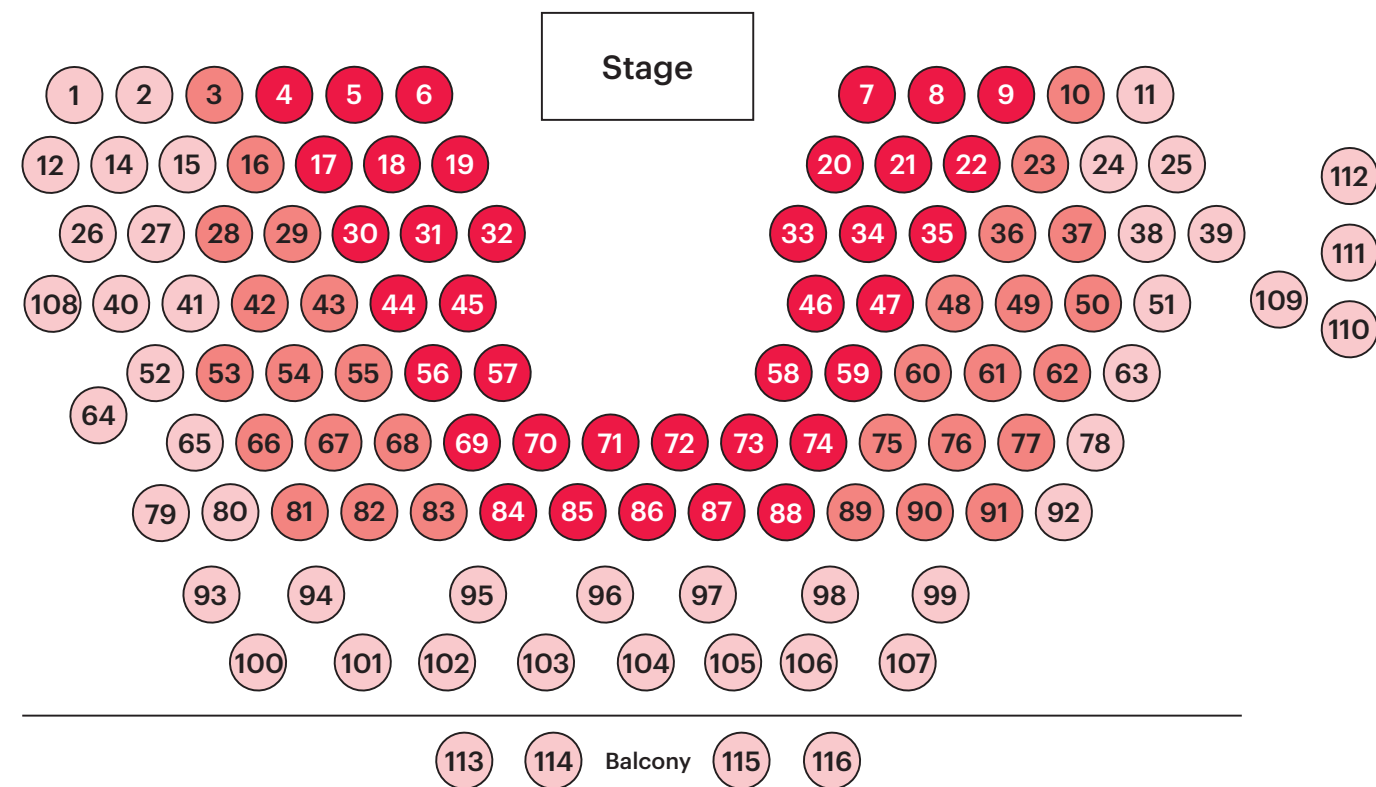

Because of the large number of entries, and the integrity of the FX Awards, we use a transparent judging system in which each judge ranks their top six entries in each category.

With up to 10 judges for each of the hotly contested categories, these placings are then scored and added together to confirm the shortlist, and the ultimate winner. The placings are based on criteria that includes originality, detailing and finish, fitness for purpose, and innovative materials and techniques.

Many thanks to all our judges, who gave up so much of their valuable time and brought their expertise and enthusiasm to the process. Sincere thanks also to Cherrill Scheer, who has acted in an advisory capacity as an unofficial chair of the judges.

**Finalists** All finalists will be sent their certificates by post on 10 December 2017
